Model: DT392

CDN®
Kitchen Measurement Tools

DIGITAL THERMOMETER

CDN's Digital Thermometer is NSF® Certified and perfect for any chef. The DT392 is ideal when a simple one-button operation is required. Made from food-safe plastic with a stainless steel stem, the DT392 has a convenient temperature guide on the protective sheath. The temperature guide features USDA safe food temperatures. The sheath can be used as a handle extension.

BioCote® antimicrobial coating on the DT392 helps protect against bacterial cross contamination. Silver-based BioCote® inhibits harmful food-borne microbe growth.

FEATURES

- NSF® Certified
- One-button operation
- Shatterproof
