

Assembly Instructions

Without Back

With Back

Parts include:

4	Legs	3	Small Shelves	28	Bolts
2	Large Shelves	1	Allen Wrench	28	Nuts

If you ordered a unit with 4 small shelves, you received an additional 4 Bolts and 4 Nuts.

If you ordered a unit with the back, 2 back sections are also included.

1. Attach the 4 legs to the large shelf that serves as the base. Make sure all 4 legs are level with the bottom edge of the base and tighten the bolts completely. After the legs are attached stand the unit on the floor as it will stand when assembly is complete.
2. Starting at the bottom, attach the small shelves to the 4 legs. **Do not tighten the bolts.** You will tighten them after the top is attached.
3. Attach the top to the legs. Make sure all 4 legs are level with the top edge of the top and tighten the bolts completely.
4. Make sure that all shelves are level and tighten the bolts on the shelves.
5. If you ordered the unit with the back, insert both sections of the back in the back of the unit. Insert the top first and drop the bottom in place. The smooth sides should be turned to the inside. It may be necessary to loosen the top bolts and raise the top slightly to allow the back to drop in place.
