

All measurements are stated in inches followed by the metric equivalent in parentheses.

Reduced-Tip Probe - Coiled Cable, 12" Stem
50427

Max Temp Tip:
932°F (500°C)
Max Temp Cable:
176°F (80°C)
Response Time:
2 seconds, liquids

Coiled Retractable
Cable with PVC Jacket

**Multi-Use
Probes with
High-
Temperature
Capability,
Continued**

6" Reduced-Tip Needle Probe
50336

Max Temp Tip:
500°F (260°C)
Max Temp Cable:
176°F (80°C)
Response Time:
3 seconds liquids

Coiled Retractable
Cable with PVC Jacket

**Standard
Needle
Probes**

1/8" Diameter Needle Probe - Straight Cable
39035

Max Temp Tip:
400°F (205°C)
Max Temp Cable:
400°F (205°C)
Response Time:
6 seconds liquids

Flexible Cable with
Teflon® Jacket

Can be used to
measure insertion
and immersion
tempera-
tures for food
products, liq-
uids, and more.
Quick and
rugged for
dependable
performance
by multiple
users.

1/8" Diameter Needle Probe - Coiled Cable
50335

Max Temp Tip:
500°F (260°C)
Max Temp Cable:
176°F (80°C)
Response Time:
6 seconds, liquids

Coiled Retractable
Cable with PVC Jacket

Rugged 1/8" Diameter Needle Probe - Straight Cable
49135

Max Temp Tip:
400°F (205°C)
Max Temp Cable:
400°F (205°C)
Response Time:
6 seconds, liquids

Flexible Cable with
Teflon® Jacket

**Heavy
Duty
Needle
Probes**

Rugged 1/8" Diameter Needle Probe - Coiled Cable
50145

Max Temp Tip:
400°F (205°C)
Max Temp Cable:
176°F (80°C)
Response Time:
6 seconds, liquids

Coiled Retractable
Cable with PVC Jacket

For insertion or
immersion
applications
where
enhanced
durability or a
larger handle is
desired. Quick
and very
rugged.
Applications
include fruits,
vegetables,
meats, and
asphalt temper-
atures.

Heavy Duty Needle Probe
50143

Max Temp Tip:
400°F (205°C)
Max Temp Cable:
176°F (80°C)
Response Time:
8 seconds, liquids

Coiled Retractable
Cable with PVC Jacket

Frozen Product Probe
50101

Max Temp Tip:
400°F (205°C)
Max Temp Cable:
400°F (205°C)
Response Time:
6 seconds

Stainless Steel Handle
and Flexible Armored
Cable

Very heavy
duty with large
handle grip
enabling inser-
tion into hard
product. See
Notes on
"Frozen
Products".
