12 Liter / 24 lb.	9 0512 00
15 Liter / 30 lb.	9 0515 00

Light Duty Sausage Filler:
6.8 Liter / 15 lb. 9 0606 00

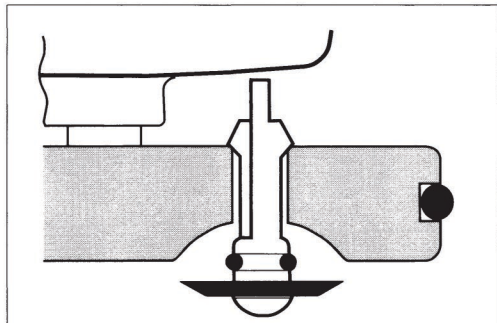

Your dealer:

knives . ancillary items . sharpening steels . grinding machines

F. DICK Sausage Filler

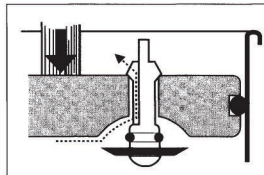

If it's about sausage...

Plastic piston with air valve

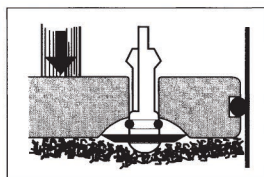

The plastic seals tightly against the cylinder by means of a rubber gasket. The plastic exhaust valve itself can be easily removed for cleaning by light pressure from above.

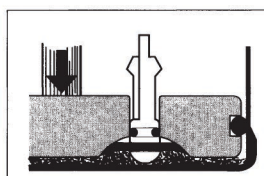

Operation of air valve

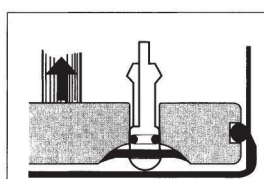

Exhausts the air automatically when piston moves down.

Closes automatically when the valve touches the mixture.

Closes under vacuum when the valve touches the base of the cylinder.

Empties the filling tube through vacuum when moving the piston upwards.
