Product Data Sheet for Item # 3201
BOO BLUE FLOSSUGAR

Product Overview:
Boo Blue Flossugar is a specially designed formula for cotton candy. This product is a blend of refined and bleached sugar, with flavor and colors. It has a raspberry flavor and aroma and is blue in color.

Product Physical Properties

Flavor / Odor (sensory)	Raspberry
Unfinished Color (in carton)	Blue
Finished Product Color	Blue
Form	Free-flowing, Granular

Applications:
Used in the Food Industry for making cotton candy.

Label Ingredient Statement:
Sugar, Artificial Flavor, FD&C Blue #1 (E133).

Packaging:
3.25 lbs (1.47 kg) package / 6 per case

Container UPC:
0 90939 13201 9

Case UPC:
0 90939 03201 2

Certified:
Kosher Pareve and Halal

Country of Origin*:
MADE IN THE USA
All of Gold Medal Products Co. products are made in the United States of America.
*Definition: The Country of Origin or product origin is defined as the country where the material was manufactured/produced/cultivated. When the material undergoes substantial transformation in a second country, the country in which the transformation is performed shall be considered the country of origin.

Storage & Shelf Life:
Store at < 110°F (43.3°C) in a clean, dry, and odor-free environment.
Best if used within 18 months from the date of manufacture in unopened containers.

Food Grade Statement:
Gold Medal Products Co. hereby certifies that this product is Generally Recognized as Safe (GRAS) and is manufactured to Good Manufacturing Practices and is safe for its intended use. This item is produced in a facility inspected by the United States Food and Drug Administration, State and Local authorities. This product manufactured by Gold Medal Products Co. is guaranteed as fit for human consumption.

Material Safety Data Sheets (MSDS) Statement:
Material Safety Data Sheets (MSDS) are only issued for products considered to be hazardous. Gold Medal Products Co. food products are exempt from requiring a MSDS in accordance to the Occupational Safety and Health Administrations Hazard Communication Rule, as outlined under 29 Code of Federal Regulations (29 CFR) 1910.1200 (b)(5)(iii) and (b)(6)(vi).

Regulatory Information:
Gold Medal Products Co. is registered and compliant with Public Health & Security.
FDA Bioterrorism Preparedness and Response Act of 2002 Registration #: xxxxxxx7492, re-registered 10-2014

Foreign Material Contamination:
The manufacturing of this product is routinely monitored for foreign material contamination.

Disclaimer: All statements, technical information, and recommendations contained herein are, to the best of our knowledge, reliable and accurate; however no warranty, either expressed or implied, is made with respect thereto, nor will any liability be assumed for damages resultant from the use of the material described. It is the responsibility of the user to comply with all applicable federal, state and local laws and regulations. It is also the responsibility of the user to maintain a safe workplace. The user should consider the health hazards and safety information provided herein as a guide and should take the necessary steps to instruct employees and to develop work practice procedures to ensure a safe work environment. This information is not intended as a license to operate under, or a recommendation to practice or infringe upon, any patent of this Company or others covering any process, composition of matter or use. No agent of Gold Medal Products Company is authorized to vary any of such data. Gold Medal Products Company and its agents disclaim all liability for actions taken or forgone in reliance upon such data. Customers are advised to read the product documentation and to conduct their own tests before use of any product.

Product Data Sheet for Item # 3201
BOO BLUE FLOSSUGAR

GMO Statement:

US Food Crops that have been genetically modified: Commercially Grown varieties (canola, corn, cotton, papaya, soybeans, squash), and either off the market or not commercially grown varieties (alfalfa, apple, beet, cantaloupe, eucalyptus, flax, plum, potato, radicchio, rapeseed, rice, rose, sugar beet, tomato, and wheat).

☐ **GMO-FREE**
This term shall be used to describe products for which commercially grown GMO varieties are not in the supply chain.

☐ **GMO-FREE –Identity Preserved**
This term shall be used to describe materials which are Identity Preserved: **NOT** derived from genetically modified materials and there is a verifiable record of the non-GM origin of the seed and the maintenance of the non-GM integrity.

☐ **NON-GMO**
This term shall be used to describe products that contain ingredients, additives, or processing aides derived from commodities that have commercially grown GMO varieties in the supply chain, **BUT** residual DNA/protein is likely NOT detectable in the final product, either by effectively removing all extraneous material that might harbor genetically modified organisms (GMO's) or substances (protein, DNA) derived thereof or being a naturally non-GMO product.

☒ **GMO or derived from GMO**
This term shall be used to describe products that contain ingredients, additives, or processing aides that contain, or were derived from, commodities that have commercially grown GMO varieties in the supply chain, **AND** residual DNA/protein is likely detectable in the final product due to the removal process of all extraneous material that might harbor genetically modified organisms (GMO's), or substances (protein, DNA) derived thereof may not be effective or warranted.

STATE OF VERMONT CONSUMER PROTECTION RULE 121:

☐ **PRODUCED WITH GENETIC ENGINEERING**
This term shall be used to describe products only when a processed food contains greater than 75% genetically engineered material by weight.

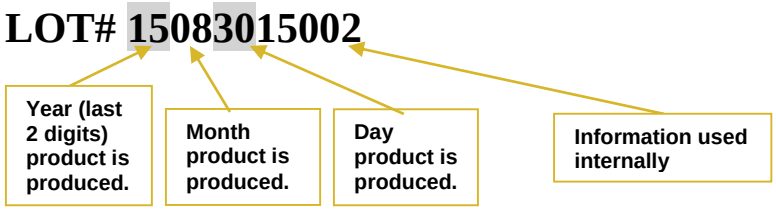

☒ **PARTIALLY PRODUCED WITH GENETIC ENGINEERING**
This term shall be used to describe products only when a processed food contains less than 75% genetically engineered material by weight.

☐ **MAY BE PRODUCED WITH GENETIC ENGINEERING**
This term shall be used to describe products only when the food's manufacturer does not know, after reasonable inquiry, whether the food is, or contains a component that is, produced with genetic engineering.

Microbiological Statement:

This product, produced for/by Gold Medal Products Co., has a low moisture content and lacks nutrients essential to support growth of most microorganisms. Organisms considered food-borne pathogens or of concern from a quality standpoint are not able to proliferate in this product; the processing and packaging is completed in a closed and sealed system offering little opportunity for contamination from extraneous materials that might harbor pathogens, viral particles, etc. To make the final product, the product must be heated above 300°F and must be spun through a 0.015 inch (0.381 mm) gap.

Lot Number Explanation:

Disclaimer: All statements, technical information, and recommendations contained herein are, to the best of our knowledge, reliable and accurate; however no warranty, either expressed or implied, is made with respect thereto, nor will any liability be assumed for damages resultant from the use of the material described. It is the responsibility of the user to comply with all applicable federal, state and local laws and regulations. It is also the responsibility of the user to maintain a safe workplace. The user should consider the health hazards and safety information provided herein as a guide and should take the necessary steps to instruct employees and to develop work practice procedures to ensure a safe work environment. This information is not intended as a license to operate under, or a recommendation to practice or infringe upon, any patent of this Company or others covering any process, composition of matter or use. Product Data Sheet for Item # 3201
BOO BLUE FLOSSUGAR

Stored Products:

Allergens listed below and marked with an asterisk ("*") may be stored and labeled in our warehouse in finished form. All products come from approved suppliers. Each product is evaluated on the potential cross contamination with other products and allergens in the approved supplier's facility. If there is any risk to that product, then it is stated at the top of this section as "may contain" or "contains". Otherwise if it is not, those Allergens or Sensitizing Agents listed below DO NOT pose any threat to any of Gold Medal Product Co. finished products.

***Milk and derivatives**, ***eggs and derivatives**, fish, shellfish (including crustaceans, mollusks and their derivatives), ***tree nuts and derivatives**, ***wheat and derivatives**, ***peanuts and derivatives**, ***rice and derivatives**, *corn and derivatives, *gluten sources (other than Wheat: such as oat and its by products, barley, rye, malt, buckwheat, spelt, and kamut), ***yeast and derivatives**, Lupin and derivatives, ***artificial colors**, ***MSG, *benzoates**, ***TBHQ**, ***hydrolyzed vegetable proteins, *sulfites**, artificial sweeteners, ***animal derivatives**, ***mustard**, celery, ***seeds**, ***cocoa and derivatives**, ***cinnamon**, and ***caffeine**.

Allergen Cross-Contamination Prevention:

Potential allergenic materials are produced using designated storage and processing. The risk of contamination is extremely low. When rework is used it is isolated and used only in products that may contain the same allergens. All containers and storage tanks are labeled accordingly if they may contain allergens.
