

ASSEMBLY INSTRUCTIONS

COMPONENTS

- | | | | | |
|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|----------------------------------|-------------------|
|  |  |  | 1. Top Shelf (smaller top slots) | 5. Caster x 4 |
|  |  |  | 2. Middle Shelf | 6. Handle x 2 |
|  | | | 3. Bottom Shelf (w/caster slots) | 7. Pipe Protector |
| | | | 4. Aluminum Pipe x 8 | |

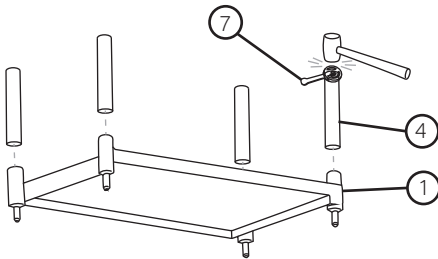

TOOLS NEEDED (NOT INCLUDED):

 Rubber or Wooden Mallet

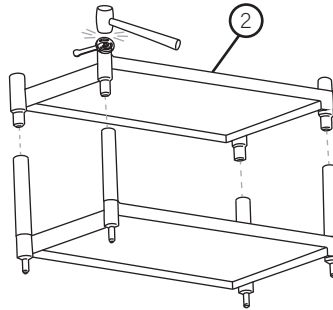

Be sure to identify and confirm you have received all parts before assembly.

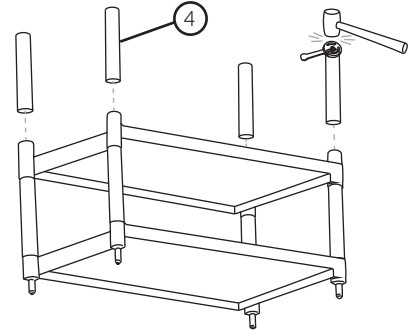

- 1** Protect product and floor by working on a piece of cardboard. Place Top Shelf(1) upside down on floor. Insert four Aluminum Pipes(4) as shown, and secure with Rubber Mallet by placing Pipe Protector(7) on Pipes before hammering.

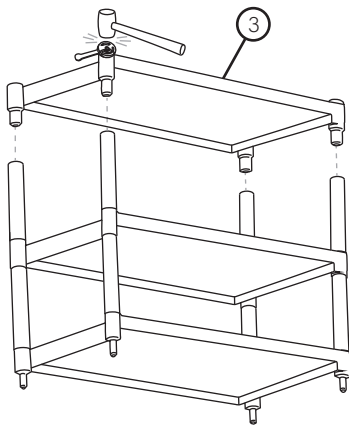

- 2** Align Middle Shelf(2) upside down as shown, and secure with Rubber Mallet and Pipe Protector.

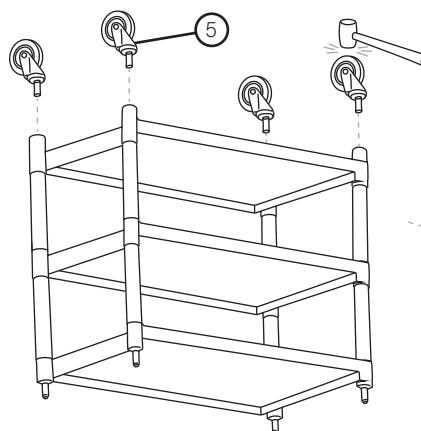

- 3** Repeat Step 1 with four remaining Aluminum Pipes(4).

- 3** Repeat Step 2 with Bottom Shelf(3).

- 4** Insert stems of Casters(5) as shown, and secure with Rubber Mallet.

- 5** Turn cart right side up, align Handles(6) as shown, and secure with Rubber Mallet.
