- **Be sure to identify and confirm you have received all parts before assembly.**
- TOOLS NEEDED (NOT INCLUDED):
 Rubber or Wooden Mallet

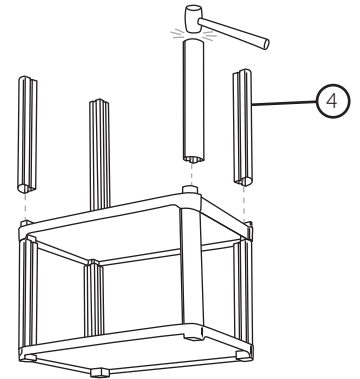

- ① Protect product and floor by working on a piece of cardboard. Place one Top Shelf(1) upside down on floor. Insert four Aluminum Pipes(4) as shown, and secure with Rubber Mallet.

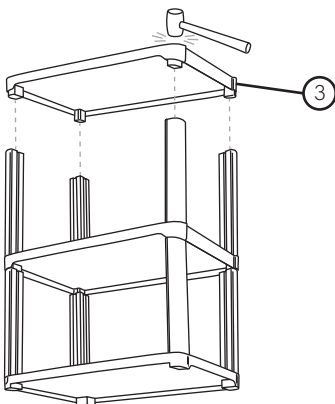

- ② Align Middle Shelf(2) upside down as shown, and secure with Rubber Mallet.

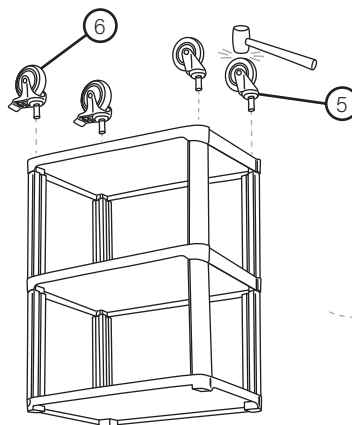

- ③ Repeat Step 1 with four remaining Aluminum Pipes(4).

- ③ Repeat Step 2 with Bottom Shelf(3).

- ④ Insert stems of Casters(5,6) as shown, and secure with Rubber Mallet.

- ⑤ Turn cart right side up, align Handles(7) as shown, and secure with Rubber Mallet.
