FOR THE WAY IT'S MADE.™

KITCHENAID® HAND MIXERS ARE LIGHTWEIGHT AND PROVIDE POWERFUL AND QUIET PERFORMANCE.

FIVE SPEEDS

Five mixing speeds help give greater control, especially with heavy mixtures.

SPEED CONTROL SWITCH

Linear control helps match speed to mixing assignment.

POWERFUL LIGHTWEIGHT MOTOR

Makes the mixer easy to use while providing the power to handle heavy cookie dough easily. Designed for quiet, long-life operation.

STAINLESS STEEL TURBO BEATER™ ACCESSORIES

Designed with no center post, they cut cleanly through ingredients and provide better mixing action while helping to eliminate clogging.

LIQUID BLENDER ROD

Turns mixer into an easy-to-use drink mixer.

DOUGH HOOKS

Allows mixer to knead raised yeast dough quickly and thoroughly.

COMFORT-DESIGNED HANDLE AND NON-TIP HEEL REST

Ergonomically designed handle helps reduce wrist fatigue. Heel rest provides added stability when mixer is not in use.

OVERSIZED BEATER EJECTION BUTTON

Provides comfortable, one-hand ejection of beaters with just a touch of the button.

NON-CLOGGING AIR VENTS

Positioned to prevent clogging from batters and other mixtures.

EASY TO CLEAN

Smooth, sleek body and power cord have no grooves to trap ingredients and can be easily wiped clean. Beaters are dishwasher safe.
