

New! One-Piece Bucket & Wringer

#1095

· Display packaging available upon request

Product Usage

Unique Mop bucket set with proprietary bucket and wringer designs. This bucket and built-in wringer is perfect for most lighter-duty mopping needs – Best for applications requiring bucket mobility.

#1095 One-Piece Bucket & Wringer (32 qt.)

- Exclusive patented Libman bucket design unique in the market
- Fill lines in 1 gallon and 4 quart increments. Easy to read
- Convenient polypropylene pour and lift handles for easy lifting and emptying
- Premium rubber, non-squeak casters positioned to create low center of gravity and eliminate tipping
- Bottom of bucket is only 3.75" from ground
- Solid one-piece tubular steel wringer handle for durability.
- Wringer accepts most head types and sizes, for mops up to 24 oz.
- Integrated hook to stand up mop handle during bucket rolling
- Bucket fits most janitor and maid carts
- Solid polypropylene one-piece molded bucket and wringer
- Electrostatic powder coated steel handle with molded, no-slip handle grip is angled to allow maximum transfer of torque to the wringer panels to remove all excess water
- In-mold label won't wear off

Wringer Height (a)	14"
Wringer Width (b)	10.25"
Total Height	19.25"
