

Soft Touch Flexible Sharpening Wheel*

Stock#	Usage	Function
FS-300C coarse wheel	2,000 ~ 2,500 passes	For re-profiling or to repair knives with chip(s) up to 1/8".
FS-302M Medium wheel	1,500 ~ 1,800 passes	For heavy commercial use or speed sharpening.
FS-304F Fine wheel	1,000 ~ 1,200 passes	To get razor sharp. Not for Pre-sharpening (re-profiling).

Sharpening wheel's life depends on:

1. How many knives you will sharpen in a week
2. Condition of your knives
3. Level of sharpening skills

Size of Wheel (L X W X H): 5.5" x 3.0" x 2.8"
