

BIG MINI® CAUTION SIGN

THE STORY

Most slip and fall injuries occur in the time it takes an employee to retrieve a caution sign or clean up supplies. Our wearable big MINI caution sign allows employees to immediately mark a hazard, effectively warning customers and helping prevent accidents.

BENEFITS

- Identifies slip and fall hazards immediately, reducing the risk of customer and employee injuries
- Reduces the financial impact slip and fall accidents have on a company from medical, legal and lost time expenses

FEATURES

- Complies with ANSI Z535 Standard for caution signage
- Bilingual messaging clearly communicates a hazard is present
- Wearable pouch holds 2 caution signs
- Portable, lightweight and compact
