

MODEL 695D & 695D-S

MODEL 695D
(Single door unit shown)

MODEL 695D-S
(Single door unit shown)

Snack foods have to be hot and moist to be appealing. Cold won't do... Dry won't do. Our humidified model 695 Food Warmers and Displays will keep your snack foods hot and moist with fresh-out-of-the-oven flavor and eye appeal. That means longer holding time with less product loss. And that means more profits for you. Now - isn't that appealing?
