

**MEATSLICER KNIVES** from**ALFA**  
INTERNATIONAL

"The Better Blade"

GERMAN-MADE  
**G&B**  
QUALITY

Precision-crafted G&B Knives are made in Germany from the finest steel. These blades are heat-treated by a patented, computer-controlled flame hardening process. The result of this engineering is the longest wearing knife on the market – the quality standard for original equipment manufacturers and service professionals throughout the world.
