

Docking Station
Maximize and Utilize Vertical Space.

Utilize Vertical Space.

Maximize and Utilize Vertical Space.

Optimize cooler and freezer storage, or anywhere overhead storage is needed, by using three-sided frames. Three-sided frames provide stability and put-to-use space below overhead shelves creating the perfect place to nest items such as utility carts, prep stations, pan racks, and dollies.

The easy order part number includes everything pictured:

- (2) Super Erecta Pro Shelves, (2) Metroseal coated three-sided frames,
- (4) 74" Metroseal posts.

Part #	Description	Nominal D x W x H

Docking Station

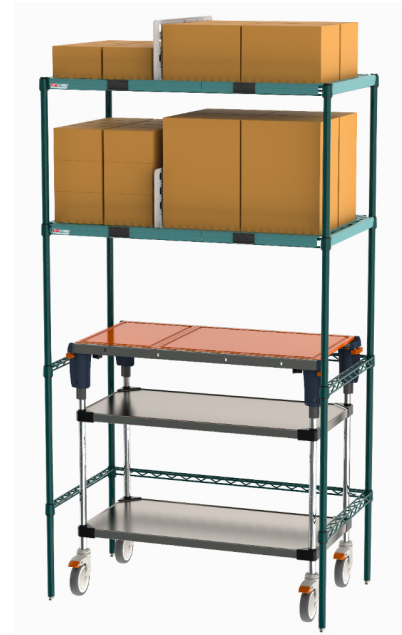

Maximize and Utilize Vertical Space

Ensure that vertical storage space is being utilized to its full capacity with Metro® Docking Stations. Conveniently nest various items under the open storage area to have easy access to them. Overhead Super Erecta Pro® Shelves have easy-to-clean removeable polymer mats that can be removed in sections during cleaning without having to unload all the contents.

Key Specifications:

- **Double Snaked 3-Sided Frames:** Adds rigidity. Metroseal 3 epoxy coating.
- **Shelf Frames:** Carbon steel with Metroseal 3 epoxy coating.
- **Polymer Shelf Mats:** Easy-to-clean and dishwasher safe.
- **Microban® antimicrobial product protection** is built into the polymer shelf mats and Metroseal 3 epoxy coating. Microban keeps your shelving cleaner in-between cleanings.
- **NSF listed for all environments.**
- **Continuous Temperature:** Super Erecta Pro Shelves can be used continuously within a range of -20/120° F (-29/49° C) with intermittent exposure to 200° F (93° C).

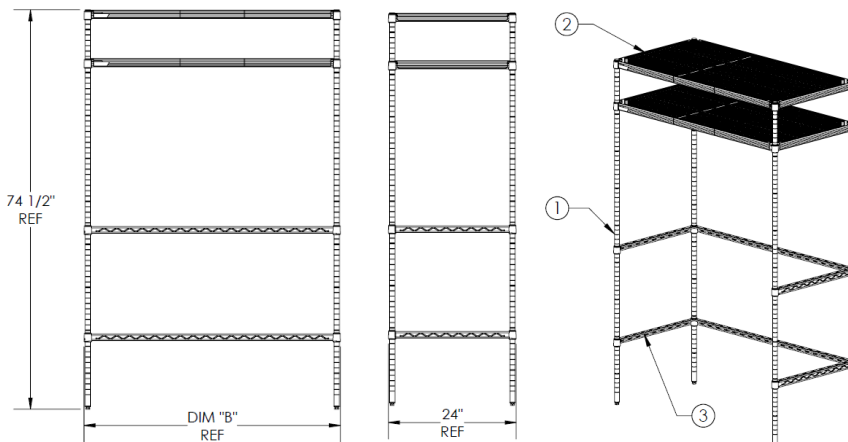

Props and PrepMate® unit pictured in rendering are not included
