IN-COUNTER

## STEALTH TECHNOLOGY HELPS CREATE A CONVERSATION-FRIENDLY ATMOSPHERE

The Stealth X includes a sleek sound enclosure and proprietary airflow innovations that enable operation at the sound level of a normal conversation.

## CUSTOMIZABLE CYCLES PROVIDE CONSISTENT RESULTS

In addition to 42 preprogrammed cycles, users can create custom blends with the online Blend Wizard™, then store up to 14 on the blender for one-touch operation.

## TWO IS BETTER THAN ONE

Each blender now comes standard with two jars instead of one. This upgrade increases the lifecycle and durability of each jar, allowing for more time between replacements.

## ALL NEW TITAN X MOTOR

Introducing the new Titan X motor from Blendtec - built to be quieter, run cooler, and with a longer life than any motor before it. Internal motor brushes have been replaced with electronics to increase the lifetime of the motor, give more output and torque to make drinks quicker, and use less power. The Titan X is also equipped with dynamic braking, allowing the operator to remove the jar without waiting for the blade to stop spinning. Take advantage of less downtime by cutting out the need to replace machines and make more drinks without overheating - the blender even cools itself without running!

NSF APPROVED BPA-FREE WILDSIDE+ JAR  
**14 SECONDS**  
TO AN AMAZING BLENDED DRINK

BLUNT BLADE TECHNOLOGY  
**STRONGER**  
THAN TRADITIONAL BLADES

## MOTOR

1800 Watt, 120V / 240V available
