UGNPR21F36  
Full Size GN 2/1 Trolley

**New!**

UGNPR11F18  
Full Size GN 1/1 Trolley

- Lifetime Warranty Against Rust and Corrosion.
- Made from strong composite plastic materials. Virtually unbreakable.
- Can hold hot pans from oven up to 390°F (200°C).

**CAMBRO**  
TRUSTED FOR GENERATIONS™

# Unparalleled Performance and Value

## Durable Construction

Made from strong composite plastic materials that are virtually unbreakable with heat-tolerant molded in rails.

## Long Life, Low Maintenance

Backed by a lifetime warranty against rust and corrosion and made with easy to clean, smooth surfaces. Every part can be easily replaced if damaged, ensuring a lifetime of service.

## Easy to Maneuver, Enhanced Stability

Premium plastic casters combined with structurally solid top and bottom frames provide a quiet, smooth gliding rack that easily maneuvers anywhere.

## Quick and Easy Assembly

Ships knockdown with casters and bottom frame wedges factory assembled onto posts. Assemble in 4 easy steps with 1 tool – a rubber mallet.

## Unique Top Frame

Supports a GN full-size food pan (GN 1/1 Full and Half Size Trolleys only) to protect contents below or to create a light duty workspace on half size trolleys.

## Customer Satisfaction

*“The kitchen production staff at Greenville Memorial Hospital love the new GN 2/1 Food Pan Trolley from Cambro. It holds enough hotel pans to ensure we have all needed production items in one location. This really helps with walk-in storage and makes it easy to quickly “fire” an entire meal service off of one cart. Another benefit is the super smooth casters, making it easy to maneuver through a very busy production kitchen, without getting stuck on drains or cracks in the floor. And the trolleys are very easy to clean. We are very pleased with this product and will be ordering more to replace our current carts.”*

# Durability, Stability and Longevity

The Gamshelving® GN Food Pan Trolleys represent a major product evolution for bulk food holding and transport. Unlike the wide array of metal trolleys in the market, these trolleys will never have failing weld points, dented frames or sharp metal edges, hard to clean corners, rust and corrosion or damage beyond repair.

## Weight Bearing

Per Rail Set	All Units	100 lbs. (45 kg)
Per Unit	Full Size	750 lbs. (340 kg)
	Half Size	375 lbs. (170 kg)

### ENHANCED FOOD SAFETY, EXPANDED USAGE

Unique top frame (GN 1/1 Full or Half Size Trolleys only) supports 1 each GN 1/1 food pan to protect contents below during storage and transport. Or use a GN 1/1 cutting board to create a light duty prep station on the half size trolley.

### EASY TO CLEAN

Impervious to food acids or harsh chemicals. No sharp corners to collect hard to clean food residue and grease. Wipe clean or pressure wash.

### MOLDED IN PAN STOPS

0.12" (3 mm) pan stops at each rail end provide stability during transport.

### RAIL SPACING

Wide rail spacing offers greatest versatility and ease of use.

### VERSATILE PERFORMANCE

Use in kitchen, freezer or cooler. Hold hot pans from oven up to 390°F (200°C).

### STABLE, SMOOTH MANEUVERABILITY

Solid top and bottom locking frames combined with 4 premium plastic casters provides a quiet, smooth gliding trolley that easily maneuvers anywhere.

### PREMIUM CASTERS

Heavy duty 5" (12,7 cm) swivel casters with non-marking thermoplastic rubber wheel and brake. Total locking brake locks both swivel and wheel.

## GN 1/1 Food Pan Trolley Capacity\*

1 full size pan per rail set, end load

	2½" (6,5 cm)	4" (10 cm)	6" (15 cm)	8" (20 cm)
