

Ergonomic for Staff, Quiet for Patients

- Ergonomic with easy access to trays from both sides of the cart.
- Lightweight and easy to maneuver.
- Quiet casters reduce noise level in hallways.

CAMBRO
Healthcare

Easier for Staff and More Restful for Patients

The 10-Tray Dual Access Room Service Cart makes loading and unloading of patient meal service trays easier for staff. With two doors on opposite sides, this cart eliminates reaching for trays that are in the back of the cart. Quiet casters reduce the noise level in hallways to promote patient rest and recovery.

- Durable construction, made of one-piece, double-wall polyethylene.
- Easy to clean, won't rust, dent, crack or chip.
- Non-electric and requires no assembly.

Molded-in rails ensure quiet meal delivery, rail spacing 5/4" (13,3 cm).

Holds up to ten 15" x 20" (38 x 51 cm) trays.

Menu clip holds routing directions or content lists.

Center opening provides self-venting airflow, optimizing food quality and humidity.

Four quiet, non-marking nylon casters (2 rigid, 2 swivel with brake).

Molded-in marine rail provides an additional tray landing surface. **Marine rail is designed for use during service, not transport.**

Self-venting, non-insulated ABS door opens a full 270° and securely attaches to magnetic catches.

Molded-in full-perimeter bottom bumper protects the cart, walls and furniture.

Large, molded-in ergonomic handle makes it easy to transport and maneuver.

Polyurethane insulation ensures quiet meal delivery and provides structural strength.
