

The SMART Electric Urn Heater is spring-loaded to work with most coffee and tea urns.

1A11731DGT230V ●

The 1A11731DGT230V Electric Urn Heater is designed to fit in small places. It will fit most Coffee and Tea Urns and even in most chafer bases. If your chafer will hold a fuel cup, it will hold this heater. Because it is spring-loaded, the heating element fits up close to your urn or chafer to prevent heat loss. How SMART!

This unit is 230V.

Specifications

Carton quantity	1
Weight	lbs.
