

Domino Napkin Holder Service Stand Set includes the bowl stand & the 2-in-1 utensil condiment pole.

1A19422SET ●

Domino is a completely new concept in modular buffet systems. The Domino Napkin Holder Service Stand Set includes a napkin holder, a bowl stand & a 2-in-1 utensil condiment pole. The napkin holder and the bowl stand may be used independently from each other. See additional pictures. The napkin holder's self adjusting pendulum design prevents napkins from being wasted. The 2-in-1 utensil condiment pole is designed to hold flatware or condiments. It includes optional lids & spoons for serving condiments. Made of 18-10 stainless steel & monkey wood. All Domino components share legs so you can weave together pieces to build it your way. Simply put, Domino makes it fun again!

The Domino system connects like Legos, but is made of solid stainless steel. Mix it, match it, change it; build it high or keep it low. It is simply the most versatile, easy to use system ever made.

All components can be connected to each other. Shared legs simply slide into each other quickly and easily. Add a leg for extra height, remove a leg for a lower profile. You are only limited by your imagination.

Build a beautiful breakfast buffet this morning. Add some different components and you have a lunch buffet. Add a couple more components and you're ready for dinner. What would you like to see? Decide and make it so. No matter what, your choice will be **SMART!** **SPOONS NOT INCLUDED**

Specifications
