

LUXOR MODULAR CLASSROOM SOLUTIONS

MBSRWSTN

MODULAR TEACHER EASEL WITH STORAGE

Luxor's Modular Teacher Easel with Storage is a versatile education tool that enhances student engagement while providing convenient storage.

Highlights of this combination chart stand and storage cart include a magnetic dry-erase marker board that doubles as an easel. The whiteboard features a removable and height-adjustable design, a full-length and removable marker tray that also serves as a book ledge, and a non-pinch easel pad clip that makes it easy to hang flip charts.

Additional highlights include two removable dry-erase tablets, a removable pegboard, two removable shelves, and nine of Luxor's removable MBS-series storage bins (six 3" and nine 6"-deep). The bins are cross-compatible with other Luxor MBS-series products, such as our MBS student desks, student chairs, teacher cart, and classroom storage cabinets (sold separately).

The MBSRWSTN also includes full-swivel, lockable casters, and a set of horizontal connection hardware for side-by-side connection to compatible MBS storage cabinets.

Dimensions:

- Overall dimensions (including whiteboard and marker tray): 65.75" H x 32" W x 22.5" D
- Dimensions, whiteboard and marker tray: 36" H x 32" W x 4.75" D
