## PORTABLE INSULATED ICE WELLS (with or without Lids)

New Portable Insulated Ice Wells are essential additions to any self-serve line; perfect for indoor and outdoor events, buffets, hotels, restaurants, and cafeterias. Also works well as a stand alone beverage or individually packed goods cooler; keeping your food, drinks, or desserts chilled and ready to serve.

Our wells are constructed of fabricated aluminum—sealed, double walled with 1" thick insulation material to promote up to 3 hours of cold display while reducing the appearance of condensation. Non-slip feet affixed to the underside of the unit keep it in place on your serving line. Drain hole allows for easy emptying and clean up.

# just add ice...

Our wells are constructed to fill and chill. Start with ice, then build to fit your needs. These short-term cold serving solutions will bring the cool to any indoor or outdoor buffet or catering event.

Add-in Simple Solutions™ Drop-in Template(s).

**Note:** Make sure ice level does not interfere with template resting on ledges inside well.

We offer a variety of Cast Aluminum Bowls. See opposite page for configuration options.

- Available in Single and Double Wells (with or without Lid) in Brushed (BRA) finish and Translucent Clear (TCL), Black (TBK) and Copper (TCP) coatings
- Custom options also available. To ensure a proper fit, provide dimensions and requirements to your TableCraft sales rep
- For Cold Serving Only, Keeps food chilled up to 3 hours\*
- Add ice to the well. If using drop-in templates, fill ice up to the bottom of the template. Well will accommodate (1) drop-in template for single and up to (2) drop-in templates for double well
- If using Simple Solutions Cast Aluminum serving vessels, pre-chill the bowls in the freezer for 8 hours before use to minimize temperature changes
- Hand wash well with dish soap and warm water
