PUSH FOR SERVICE LIGHT

PUSH FOR SERVICE LIGHT, BLACK PLASTIC BODY, WEIGHTED BASE

Impress your guests with the Service Ideas Push-for-Service Light. Inspired by the original domed ashtray light invented by Art Murray in 1945. Features the same charming and retro-inspired light at the top, but with a new slim design and weighted base. With just a simple push of a button, your server will be visually alerted that attention is required.

FEATURES AND BENEFITS

- LED light bulb activated by a button switch at the top and powered by two standard AAA batteries (not included)
- Constructed of durable plastic with a weighted base
- Designed with a small footprint to easily fit among dinnerware and décor
